Automatic payment reminders in Odoo

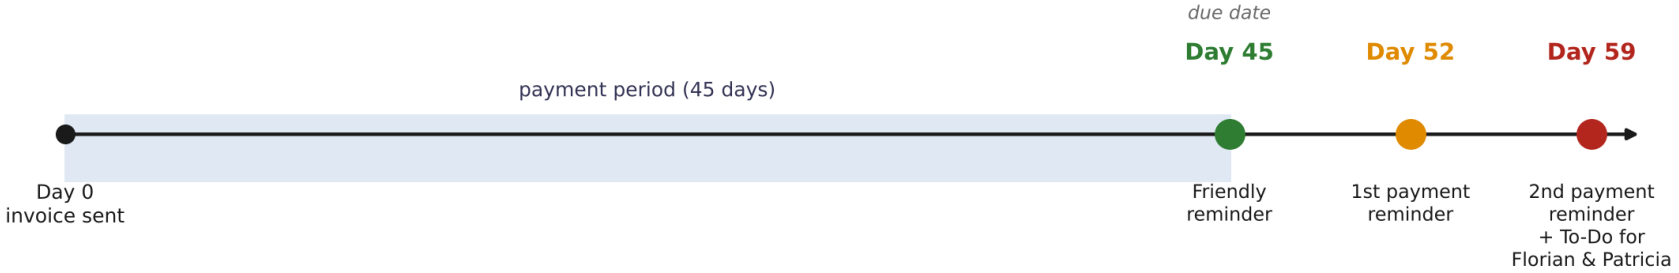

IQ Dogsport GmbH · Prepared by Hamza Mohsin · 13.11.2026 · Status: tested in staging, waiting for approval

1. When does the customer get a reminder?

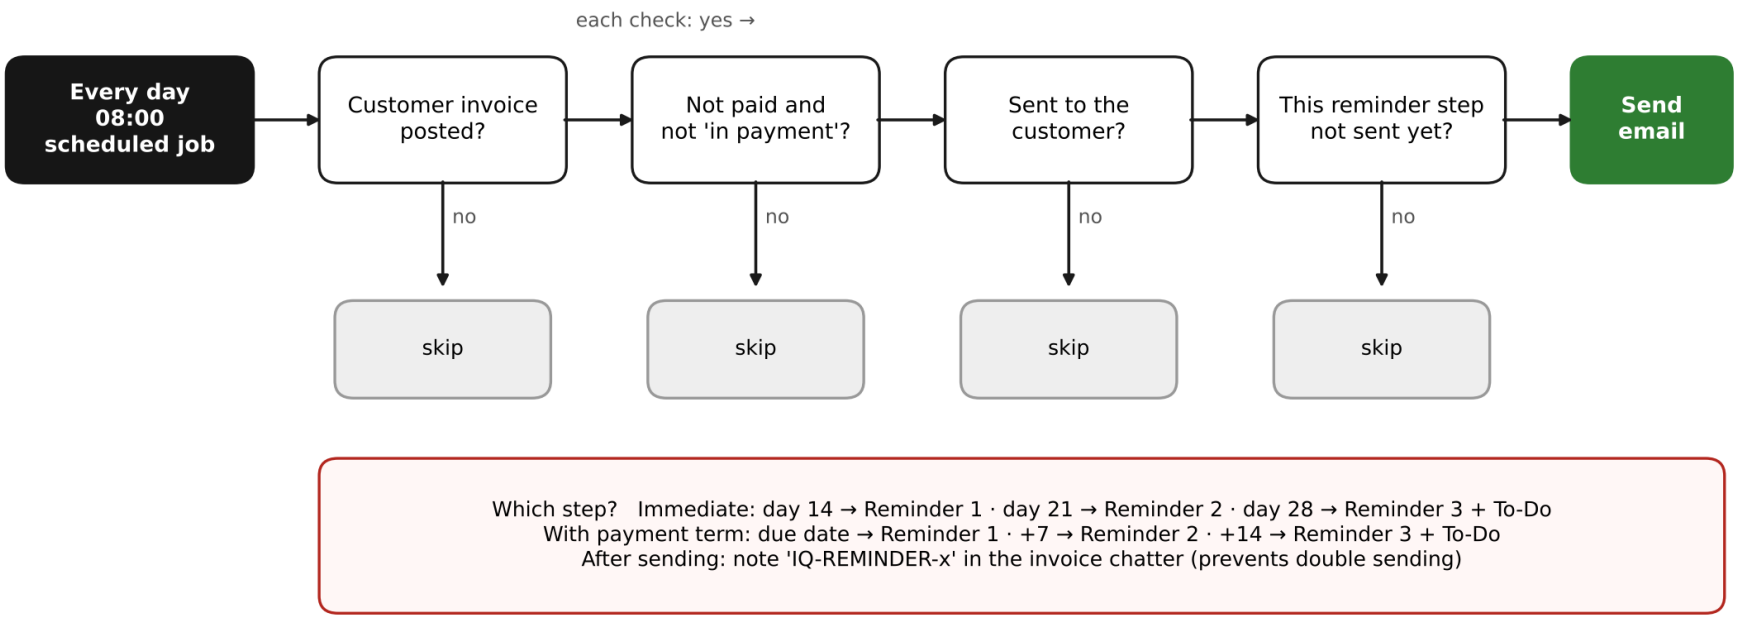

A) Immediate payment (bank transfer, pay now)

B) Payment term, e.g. 45 days

2. How the daily check works

3. Rules

Rule	What it means
Only invoices sent to the customer	Invoices that were posted but never sent (e.g. order with payment link, not delivered yet) get no reminder.
Paid and 'in payment' are skipped	As soon as a payment is registered or matched, the reminders stop.
Each step only once	After sending, the invoice chatter gets the note 'IQ-REMINDER-1/2/3'. The job checks this note before sending.
Start date	Only invoices from the go-live date on. Older open invoices are given to Florian as a list, no automatic emails.
Language	German customers get German text, all others English. The invoice PDF is always attached.
View and pay online	Every reminder has a button 'Rechnung ansehen und online bezahlen' / 'View invoice and pay online'. It opens the invoice in the customer portal (no login) where the customer can download the PDF and pay online. Online payments are registered automatically, so the reminders stop. Bank transfer details stay in the text.
Reminder 3	Customer gets the 2nd payment reminder and Florian and Patricia each get a To-Do on the invoice.

4. The three emails

Step	Subject (DE / EN)	Content
1 – Friendly reminder	Zahlungserinnerung – Rechnung RE/… / Payment reminder – Invoice RE/…	Polite note that no payment has arrived yet, open amount, IBAN, reference. 'If you have already paid, please disregard.'
2 – 1st payment reminder	1. Mahnung – Rechnung RE/… / 1st payment reminder – Invoice RE/…	Still unpaid despite reminder. Please pay within 7 days.
3 – 2nd payment reminder	2. Mahnung – Rechnung RE/… / 2nd payment reminder – Invoice RE/…	Still unpaid despite two reminders. Please pay immediately, at the latest within 7 days. Neutral, no fees. + To-Do for Florian & Patricia.

5. Test in staging (13.11.2026, no emails left the system)

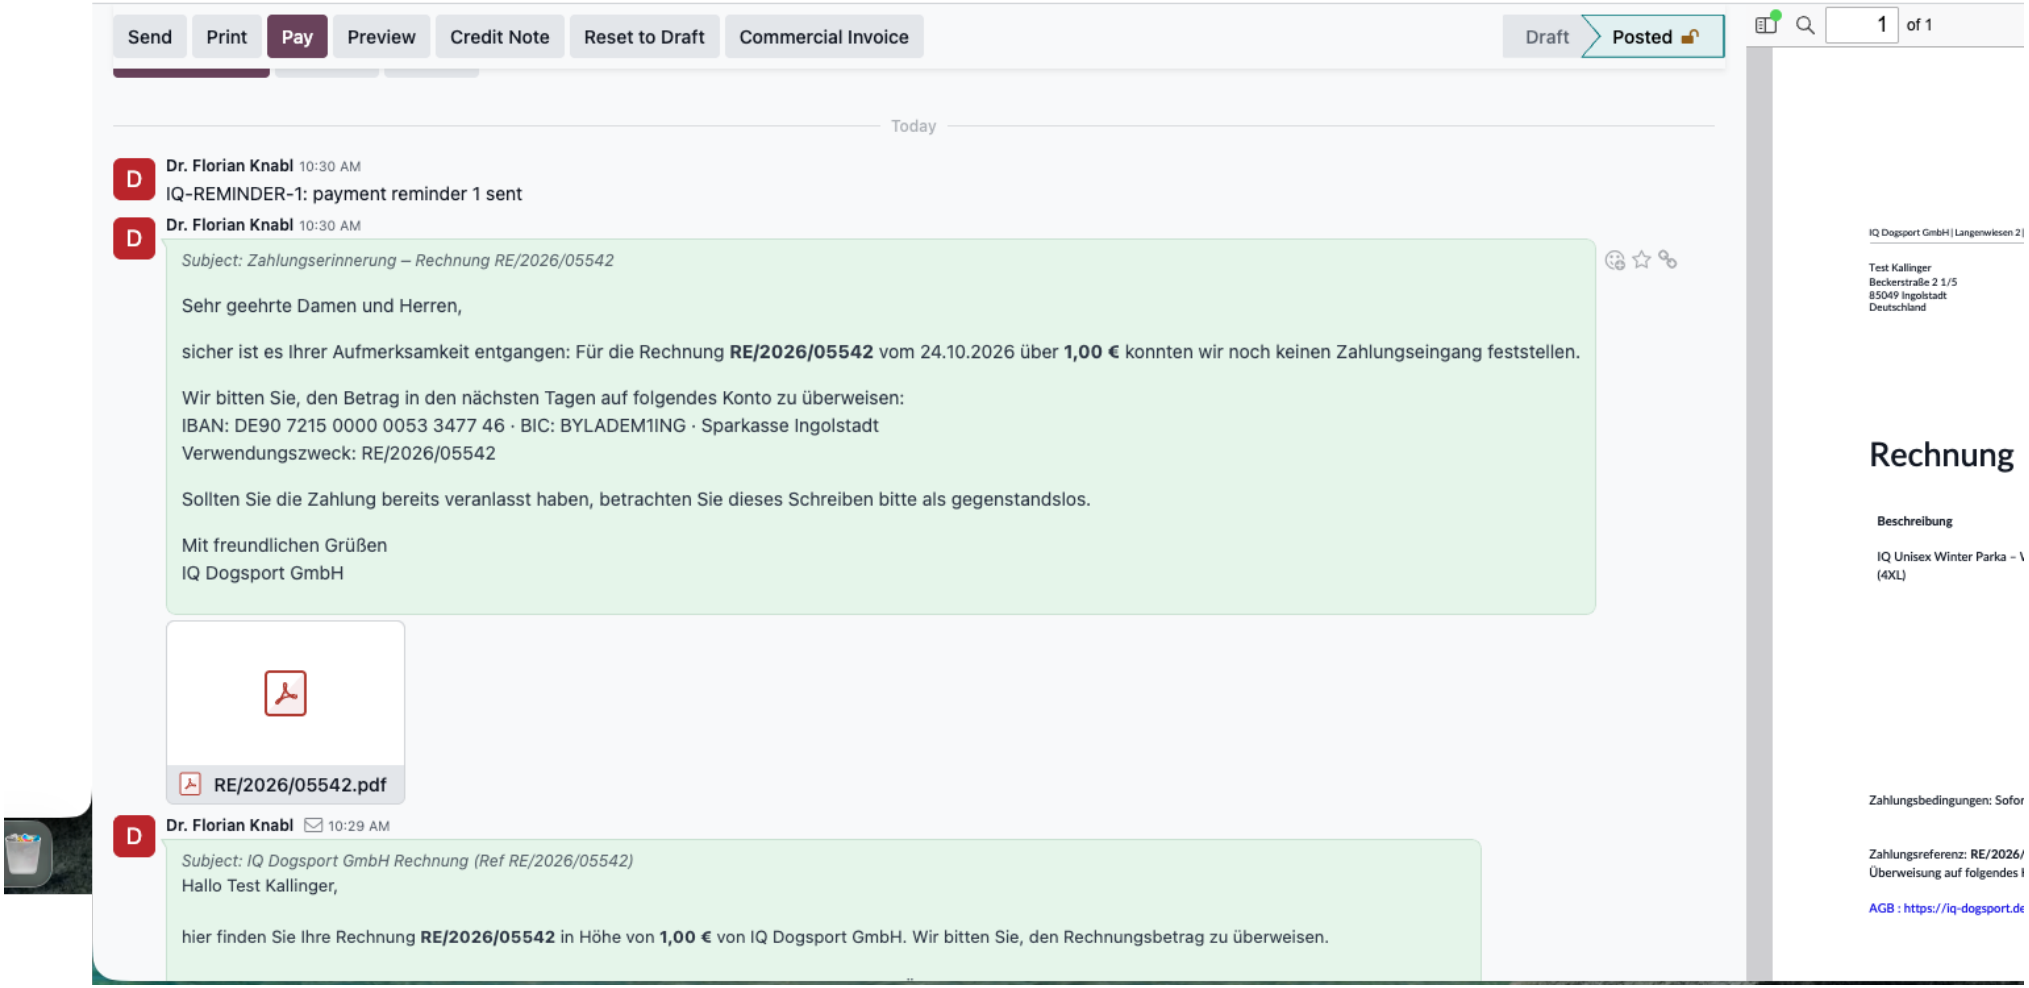

Invoice	Invoice date	Sent?	Result
RE/2026/05541	13.11.	yes	No reminder (not due yet) ✓
RE/2026/05542	24.10.	yes	Reminder 1 'Zahlungserinnerung' with PDF ✓
RE/2026/05543	21.10.	yes	Reminder 2 '1. Mahnung' with PDF ✓
RE/2026/05544	14.10.	yes	Reminder 3 '2. Mahnung' + To-Do Florian and Patricia ✓
RE/2026/05545	13.11.	no	No reminder ✓
RE/2026/05542–44 before sending	—	no	First run at 10:12: no reminders, because not sent yet ✓

6. Please decide

- OK for the email texts and the schedule above?
- Sender address: mail@iq-dogsport.de (current) or another one?
- Should Reminder 3 mention fees or further steps?
- Go-live date (start date for the reminders)?
- Orders with a payment link where the invoice was never sent (e.g. #IQD-99691): email reminders too, or only an internal To-Do for Elena?

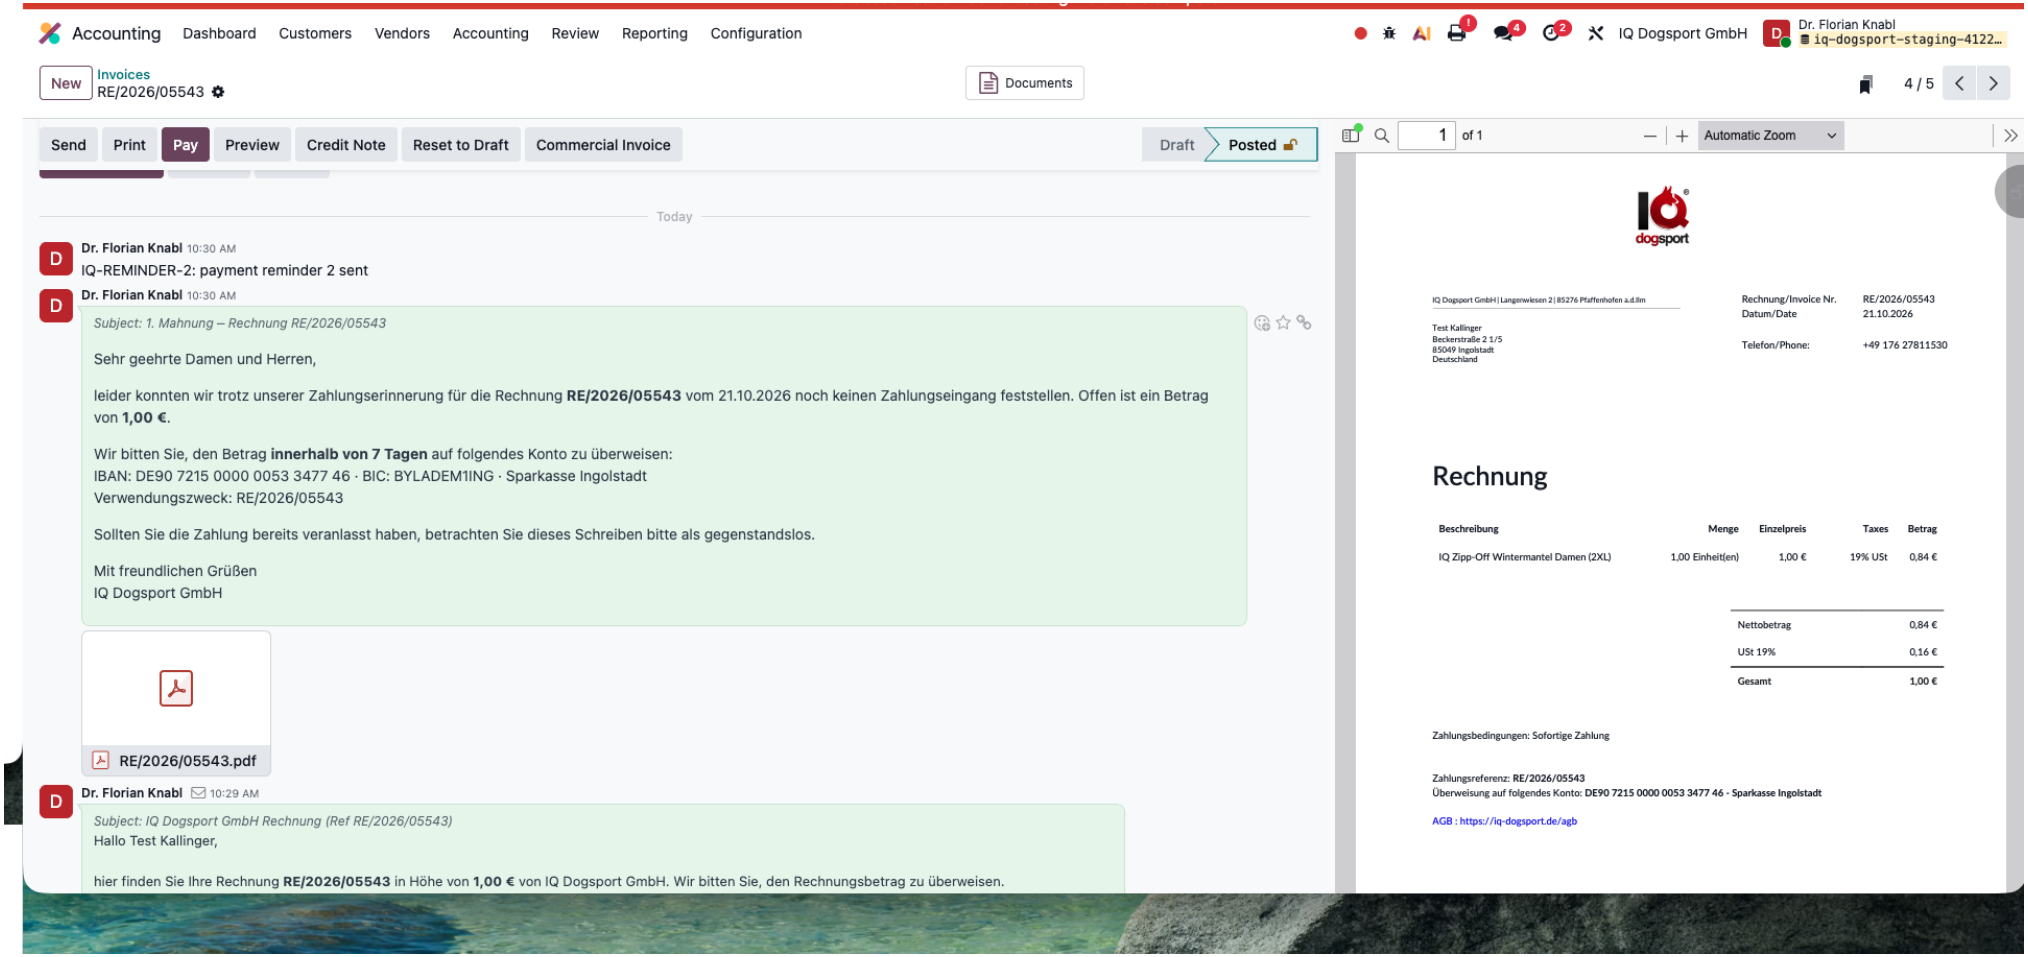

Note: the screenshots in the appendix were taken before the 'view and pay online' button was added.

Appendix A – Reminder 1 (friendly), RE/2026/05542

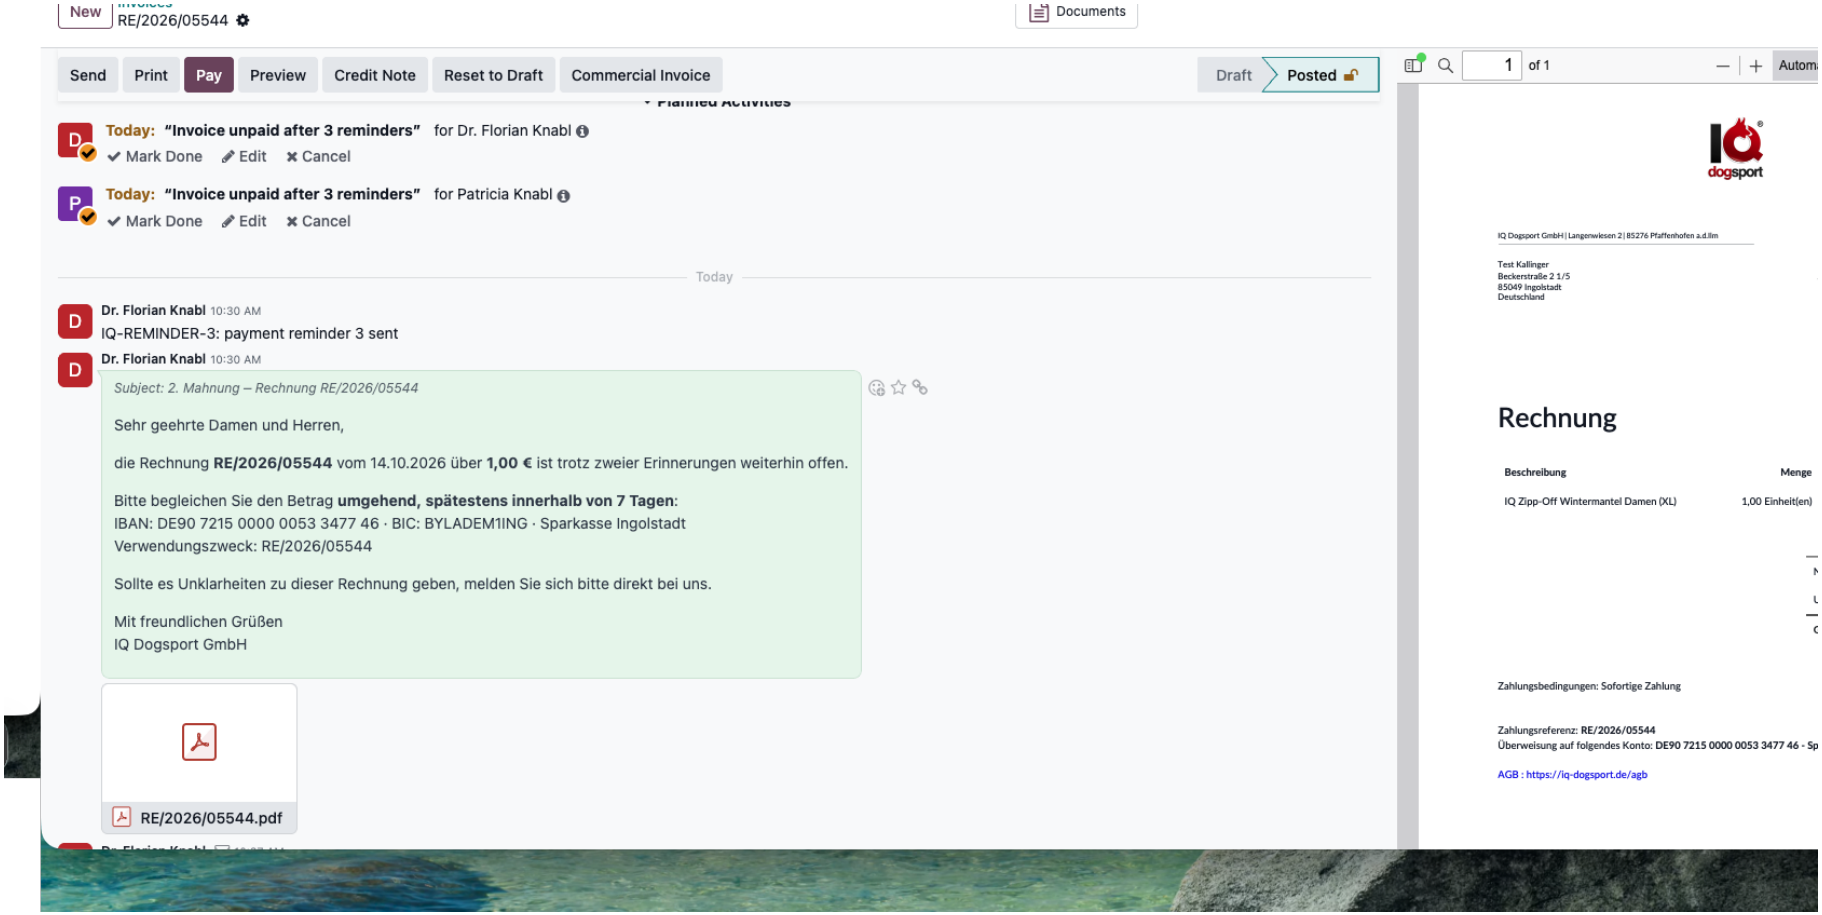

Invoice chatter after the daily job: note 'IQ-REMINDER-1' and the German email 'Zahlungserinnerung' with the invoice PDF attached.

Appendix B – Reminder 2 (1st payment reminder), RE/2026/05543

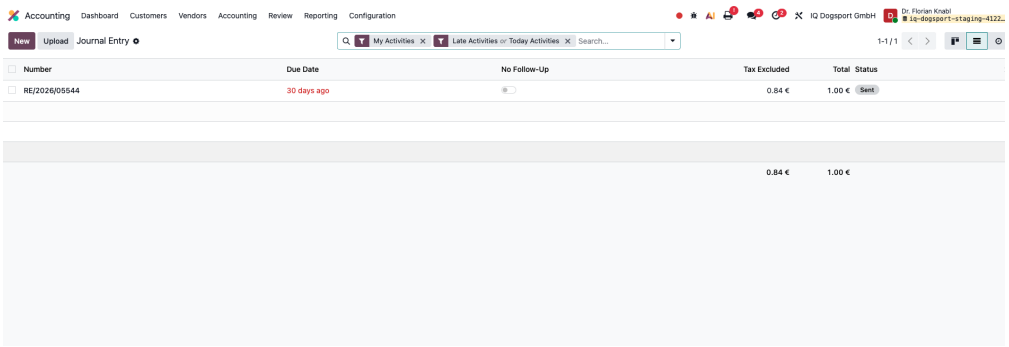

Email '1. Mahnung' with open amount, 7-day deadline, IBAN and PDF.

Appendix C – Reminder 3 (2nd payment reminder) + To-Do, RE/2026/05544

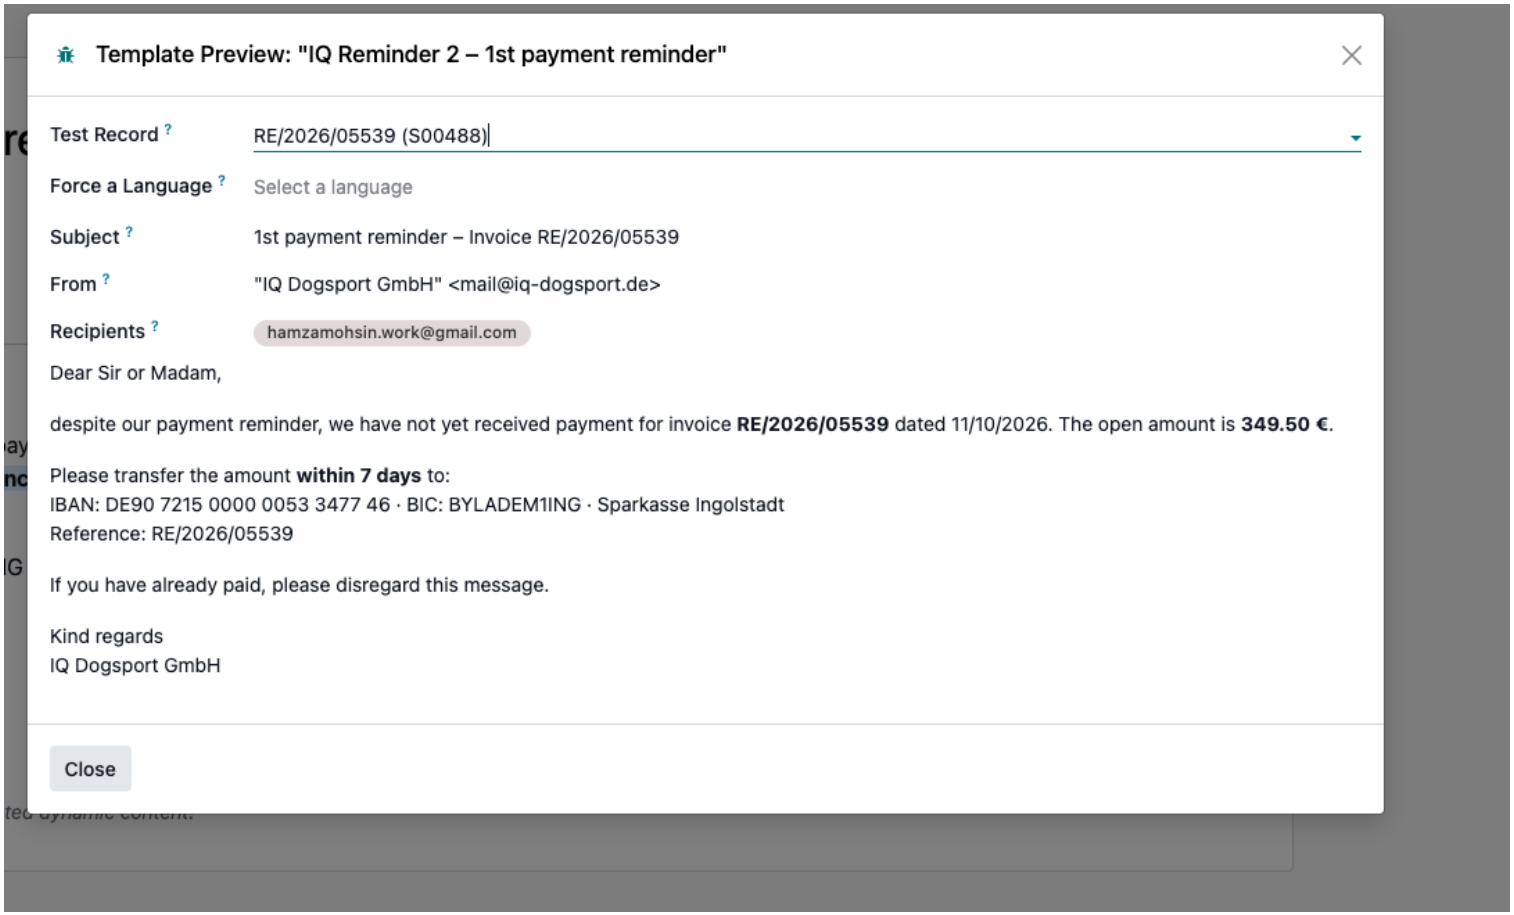

Email '2. Mahnung' and the two planned activities 'Invoice unpaid after 3 reminders' for Florian and Patricia.

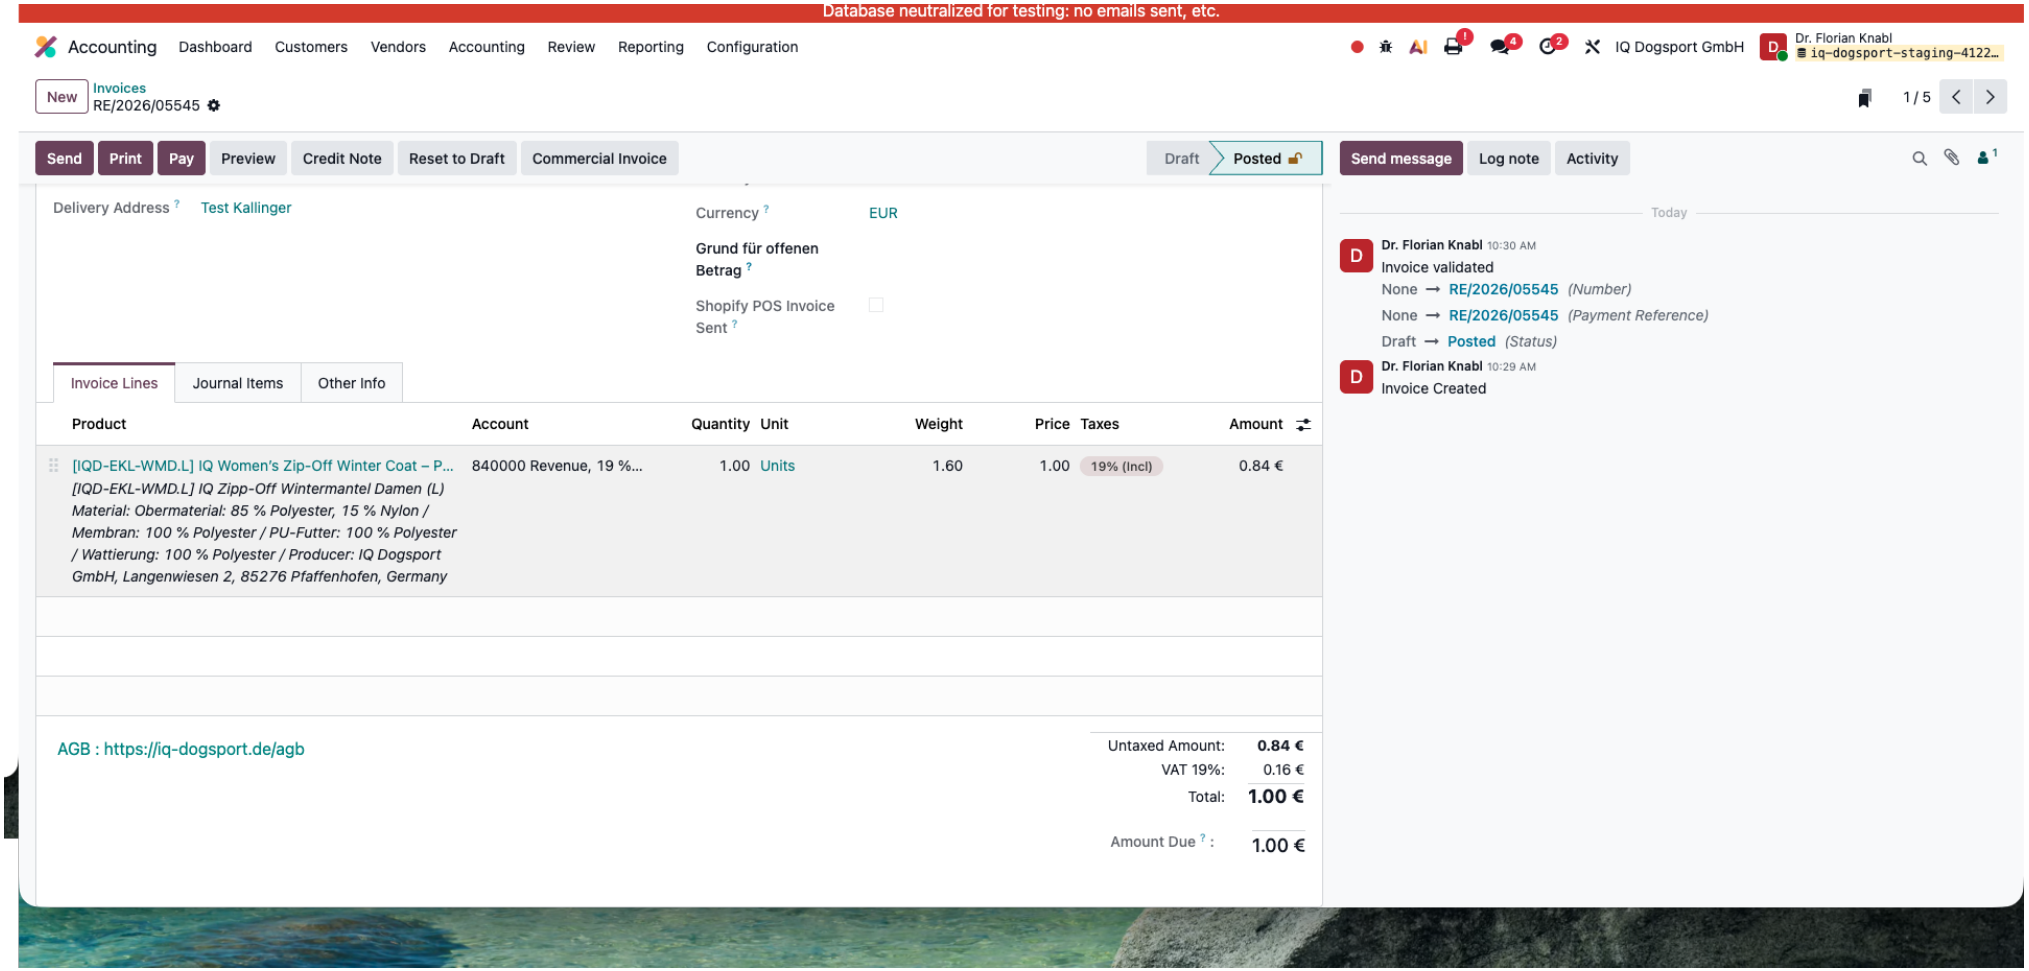

The To-Do appears in 'My Activities' of the responsible person.

Appendix D – English version (template preview)

Customers with English as language get the English text and subject ('1st payment reminder – Invoice …').

Appendix E – Invoice not sent = no reminder, RE/2026/05545

Posted but never sent to the customer: the job skips this invoice.
